

WORKPLACE VIOLENCE PREVENTION PLAN

Workplace Violence Prevention Plan (WVPP) Policy and Template

Issued: July 1, 2024

PURPOSE

The purpose of the Workplace Violence Prevention Plan (WVPP) is to have a clearly understood, accessible, and actionable policy to respond quickly to episodes of workplace violence. The WVPP complements the existing Sierra Trim, Inc. anti-violence policies by laying out more specifically the steps to identify, report, track, and analyze violent incidents to reduce the likelihood of re-occurrence.

BACKGROUND - CALIFORNIA SENATE BILL 553

California Senate Bill 553 (SB 553) requires California workplaces to have a policy in place to address the rising episodes of violence occurring at the worksite. SB 553 has multiple requirements of an employer which can be broadly grouped into two categories: pre-violent incident activities and post-violent incident activities. The details of both categories are presented in greater detail in the following WVPP.

GOAL OF THE WORKPLACE VIOLENCE PREVENTION PLAN

The goal of establishing a Workplace Violence Prevention Plan is to reduce violent incidents in the workplace at Sierra Trim, Inc work sites. Ultimately, this will be achieved through improved employee awareness, violent incident identification and reporting, tracking of violent incidents, and corrective actions when hazards are recognized.

To support a consistent approach across all Sierra Trim, Inc. has created a WVPP Template for all departments to complete (or to adapt based on operational needs of a department), which includes all the elements required by SB 553.

WORKPLACE VIOLENCE DEFINITIONS

Although there are different definitions and/or interpretations of "violence," for purposes of reporting and analyzing events, the Workplace Violence definitions as set forth in SB 553 are included below and are used consistently throughout training and reporting materials.

- Type I. Violence by Strangers
- Type II. Violence by Customers/Clients

- Type III. Violence by Current or Past Coworkers

 Example: Co-worker violence. Disgruntled employee returning to worksite to do harm.
- Type IV. Violence by someone with Personal Relations with an Employee Example: Domestic abuse situations where partner comes to worksite to do harm.

Violence may include not only acts of violence but also threats to commit violence or do harm. Workplace violence includes any conduct, verbal or physical, in-person or virtual, which causes another to reasonably fear for their own personal safety or that of their immediate family.

EDUCATION, TRAINING, AND COMMUNICATION

Education and Training

SB 553 requires all employees to complete an annual mandatory workplace violence training and instruction that is clear, understandable, and effective. Sierra Trim, Inc has developed a training for all employees that includes an understanding of what a violent incident is, how to elevate for attention and help, and what the role of the supervisor is in completing a violent incident report.

Communication

2. RESPONSIBILITIES

Beyond the initial and annual training for all employees on WVPP, foreman are expected to have ongoing effective communication with employees related to the topic of workplace violence. This can include reinforcing a culture that encourages reporting of violence incidents without fear of retaliation, addressing employee concerns around violence, and any post-event investigations yielding corrective actions that could reduce violent incidents. This can be communicated through in-person or virtual meetings. These communications also serve to bring timely updates to employees when changes in processes have been identified after a violent incident investigation to prevent future episodes.

officers and stat	ff who are also respon	sible for supporting and maintaining the WVPP
are listed here:		

Departmental support staff are responsible for assisting management and the WVPP administrator in incident investigation, corrective action determination, and WVPP annual review and timely updates.

Management

All managers and supervisors are responsible for implementing and maintaining the WVPP in their work areas and for answering employee questions about the WVPP.

As per the Injury and Illness Prevention Program (IIPP), managers and supervisors are responsible for providing a secure work environment for their staff, including the identification of security risks, staff training needs, the development and management of departmental security policies and procedures, and incident reporting, investigation, and follow up.

Supervisors are responsible for completing the Violent Incident Report with the affected employee before submitting to the DPO for investigation and violent incident log completion.

Employees

All employees are responsible for reporting hazards and injury or illness incidents per the IIPP, including hazards and incidents related to workplace violence. The WVPP itself must be made available for employee access and review. It can be found posted on the Departmental website______.

C. EDUCATION, TRAINING, AND COMMUNICATION

Creating a workplace environment to both recognize and reduce workplace violence will take continuous education and recognition of diligent safety practices and behaviors that reduce hazards. Ongoing engagement with the WVPP by supervisors and staff can assist with plan compliance.

Education

For all employees, education include	es a process to confirm ar	nnual completion of required Sierra
Trim, Inc. violent incident identificat	ion and reporting. This ca	n include annual reports on
employee completion performed by		

Communication

Sierra Trim, Inc will maintain ongoing open communications with employees about safety concerns and will review the WVPP at a high level with employees at least annually. Ongoing communications can be met via regularly scheduled meetings, emails, or bulletins.

If changes are made in the WVPP after an incident analysis, these updates must be shared with employees in a timely manner.

D. EMPLOYEE OBLIGATIONS

Each Sierra Trim, Inc. employee is required to attend workplace violence training annually. Employees must feel comfortable identifying a violence issue and elevating it for attention and support. Employees, once aware of violence, are encouraged to report any threats or acts of workplace violence within 24 hours from time

All employees are responsible for reporting hazards and injury or illness incidents per the IIPP, including hazards and incidents related to workplace violence. The WVPP itself must be made available for employee access and review. It can be found posted on the Sierra Trim Inc. employee website.

E. ELEVATION OF AN INCIDENT:

Appropriate elevation and response need to be determined at the time of the incident, whether it is an in-person event or a threat of future harm. With any incident, employee safety is of the highest importance. Elevation and response mechanisms can include the employee leaving the area, calling for help, or, with a more imminent threat, calling 9-1-1. The employee must share the specifics of the violent incident with a supervisor/manager or other leader.

F. VIOLENT INCIDENT REPORT:

The Violent Incident Report shall be completed by the individual's immediate supervisor. If the immediate supervisor is not available, the report shall be completed by the next level of management or the DPO. Prior to proceeding with any formal investigation, the management level supervisor shall report any incidents of threats or acts of physical violence to the DPO. The

Violent Incident Report should be completed as quickly as possible while the details of the event are still current, ideally within 24 hours. The report is mainly data collection, so creating a culture and environment where an employee is comfortable coming forward to report a violent incident is crucial. If the incident is between an employee and their supervisor, the DPO must complete the report. The report template is Addendum A.

G. VIOLENT INCIDENT INVESTIGATION.

The Foreman, or Designee are required to complete the incident investigation in a timely manner, such as within seven (7) calendar days. Addendum B includes the materials, questions, and required analysis. As required by SB 553, completed reports should be made available to the employee (and their bargaining unit) within 15 days from the date of the request.

Procedures for investigating workplace violent incidents may include the following:

A visit to the incident scene as soon as possible.

Interviews of threatened or injured workers and witnesses.

Examination of the workplace for factors associated with workplace security, including any previous reports of inappropriate behavior by the perpetrator.

Determination of the cause of the violent incident.

H. VIOLENT INCIDENT LOG COMPLETION.

Complete the incident log with the details required, and forward to Sierra Trim, Inc. after completion of the investigation. Identifying a record number instead of employee names allows tracking while protecting confidentiality. The log and supporting materials should be audit ready.

I.POST INCIDENT REPORT AND ANALYSIS

The intent of the log is to identify trends and opportunities for further hazard reduction. The log should be reviewed by the DPO at least annually, or sooner if there are more frequent incidents of workplace violence. Per SB 553, the log data must be maintained for a minimum of 5 years.

J. WORKPLACE HAZARD CORRECTION

The ongoing reporting and tracking of violent incidents support identification of trends and the potential for hazard reduction or mitigation. Hazards that are identified with potential solutions will be addressed and implemented in a timely manner. If corrections are significant enough, they may require an update and modification to the current WVPP. Such updates to the WVPP must be brought to the attention of all employees in a timely manner.

K. COMPLIANCE

Departments will ensure that all workplace security policies and procedures are clearly communicated and understood by all affected workers. WVPP will be made accessible on Sierra Trim, Inc. employee website to allow further education. Managers and supervisors will enforce the rules fairly and uniformly.

Annual completion of education and training by all city employees is required to re-enforce best practices for violence prevention. All workers will follow all workplace security directives, policies, and procedures, and assist in maintaining a safe work environment.

Failure to comply with the Workplace Violence Prevention Plan (WVPP) and/or the policy prohibiting employee violence in the workplace may result in employee discipline up to and including termination as well as criminal prosecution.

L. RECORDKEEPING

SB 553 has several requirements of recordkeeping that must be followed. The documentation of completion of the annual training by all employees must be maintained for at least one year following the date of completion. The retention of violent incident reports and investigations must be maintained for five years following the year of incident. The violent incident logs must be maintained for at least five years following the year of incidents.

Records should be maintained, including workplace security and hazard assessments and inspections (including the person(s) or persons conducting the inspection), the workplace security concerns that have been identified, and the actions taken to correct the identified concerns.

M. ANNUAL WVPP REVIEW

Annual review of the WVPP includes confirming accessibility to the plan and assessing its effectiveness and overall employee compliance with the processes outlined in the WVPP. This includes updates and new procedures if improvements can be identified that would reduce workplace violent incidents. The whole plan should be reviewed at least annually or more often if there are violent incidents.

Violent Incident Report Instructions

The supervisor receiving a report of workplace violence must complete this form with as much detail as possible to support an investigation. The original report must be forwarded through all appropriate levels of supervision to Sierra Trim, Inc.

Every workplace violence incident is reported and recorded in a violent incident log. Any element of personal identifying information sufficient to allow identification of any person involved in a violent incident will **NOT** be recorded. Such personal identifying information includes the person's name, address, electronic mail address, telephone number, social security number, or other information that, alone or in combination with other publicly available information, could reveal the person's identity.

Upon receipt of report, DPO assigns a number system for tracking including date of report, Department, initials of who completed the log entry, without including employee name. Tracking and trending should include date, time and location, violence type, type of assault, and incident detailed description.

It is expected that the logs will be forwarded to Sierra trim, Inc. on a timely basis.

Sierra trim, Inc. is expected to review the data at least quarterly and make improvements to prevent further incidents. Template Log is below:
